CANTON. FROM A CORRESPONDENT Owing to the oxtreme cold we have experienced here during this winter, the exhibits at the Flower Show on Friday last were very poor both prepared to GRANT POLICIES against FIRE in flowers and vegetables. In Class I for fine to the extent of \$40,000 on Buildings or on foliago plants, there was only one exhibitor. The Goods stored therein Chinese and Japanese camelias were not up to usual standard. Roses were so inferior that the prizes were properly withheld. A salest were scarcely out enough, but one beautiful specimen plant was exhibited and took first prize. It was wident that the late pold had affected geraniums severely, as the show was far from good. Pansies, FTHE Undersigned, Agents for the above however, were decidedly fine, the first prize being, taken by Mr. Duval, who also showed some bean tiful out specimens of the same flower several of the deep velvety kinds being extremely handsome. In the classes for out flowers, the entries were small but good. Turning to the vegetable por-tion of the show, the exhibition fell short of provious years. Celery, however (1st prize taken by Mr. Duval), was the best probably ever grown on Shamoon. Cauliflowers were wanting in sise, the cabbages were not so good as usual, and the same may be said of all the remaining classes. Altogether the Fourth Annual Exhibition cannot be voted as a "great success," owing entirely to the unfavourable season; one thing, however, is most apparent that these exhibitions have tended to cultivate a taste for horticulture in the settlement, and it is to be hoped that next year the clerk of the weather will favour us, and that a larger attendance of the Community at the show will stimulate others to grow, at all events, a pot of mignonette in their front The following is the prize list:-Three fine folinge plants-1st prize, Mr. C. SOLDIERS' AND SAILORS' LETTERS. Privates in H.M. Army or Navy, Non-commissioned Officers (but not Warrant Officers, or Carpenter), Army Schoolmasters (not Superintending or First Class) or Schoolmistresses may send half-ounce letters to the United Kingdom via Southampton by British Packet for one penny; or via Brindisi by British Packet for three-pence. Hongkong stamps will prepay this class of correspondence exactly the same as Imperial Stamps.

Soldiers' and Sailors' letters are however. charged as ordinary letters; if they do not conform to the following regulations: 1.—Not to exceed half an ounce. No doubleetters are allowed.

2.—If from a Soldier or Sailer, his class or description must be stated in full on the letter, and the Commanding Officer must sign his name, with name of Regiment, or Ship, &c., in S.—If to a Soldier or Sailor, his class or description must be stated in full with name of Regiment, or Ship, &c., in full.

The attention of owners, agents, and charterers I steamers is drawn to the provisions of The Post Office Ordinance, 1876, which comes into force on the 23rd instant. Under the old Ordinance no notice was required of the departure of a vessel if not adver-

tised, nor of departures for Canton or Macao. Notice is now required of any departure, though with regard to sailing ships, the old rule will practically remain in force, that notice need not e sent unless asked for. Section XXV, requires that the first notice be sent to the Post Office. In the case of steamers plying regularly or on

fixed days, notice of any change in the day or hour will be sufficient. Stamped correspondence may still be sent on board any vessel after the Mail is closed at the Post Office. The Postmaster-General takes this opportunity of calling the attention of firms to the fact that any such words as Despatches will close at 11

A.M., added to the advertisement of a vessel are illegal. Consignees' letters are exempted by law from passing through the Post Office, but no person is allowed to make collection of such letters for transmission under a penalty of £100 per week during which the practice continued. Most countries to which Hongkong forwards Correspondence baving joined the General Postal Union or being probably about to do so. it is necessary that the following rules be strictly observed. 1. No Letter or Packet, whether to be registered or unregistered, can be received for Postage if it contains gold or siver money, jewels, prolous articles, or anything that, as a general rule, is liable to Customs duties.

2.—This Regulation prohibits the sending of Patterns of dutiable articles, unless the quantity sent be so small as to make the sample of no 3.—The limits of weight allowed are as fol-BOOKS AND PAPERS.—To British Offices, 51b.
